

IRHS JAPANESE CLUB

Academic Year 2007-2008

Dear Sir or Madam:

The IRHS Japanese Club requests parental permission for your child to view Japanese films, animation and television shows that are recommended for ages 16 and up. In order to show a wide variety of films the club may choose to show films recommended for ages 16 and up. Not all films shown will be rated teen-16; several will be rated teen-14, PG-13 or rated G. The content of some of these films may include sexual innuendo, violence and strong language.

Signed permission slips state that your child can view any materials selected by the club, including those suggested for ages 16 and up.

Sincerely,

The IRHS Japanese Club

Permissions slips must be signed in order for students to attend showings. Please make sure that the form is filled out legibly and completely.
