### **Full Day Kindergarten**

**Tucson, AZ** – The Amphitheater School District announced today that despite uncertain education budgets for the 2009-10 school year, full day kindergarten will continue to be offered in all schools. As the Governing Board considered required reductions, the continuation of full day kindergarten was a priority. Parents should contact the school in their attendance area and pick up registration packets if they have not yet done so. Dr. Vicki Balentine remarked, “Our parents desire the availability of full day kindergarten, we have the professional staff in place, and our students benefit from the additional time and services.”
