

8th Grade Disneyland Trip Update

The District has cancelled all travel for the rest of this school year. Unfortunately, this includes our 8th grade trip. We know how much everyone was looking forward to it, and we are really sorry! We wish there was better news.

For the payments that were made in cash, or with check or money order to our school, we will be mailing refunds to everyone. This might take several weeks, since it all has to come from the district office. We do have a record of what everyone paid, and we will make sure it all gets back to everyone. There is no need to call the school office, we will automatically refund everyone's payments. Refunds will be mailed to the address the school has on file. If you received your student's report card, we have the correct address. If not, please do contact us to make sure we have updated information.

If you made a payment as a tax credit, we unfortunately cannot issue a refund. Please make sure that you claim the tax credit on your taxes!

We understand how much frustration and disappointment there is out there with so many things getting cancelled. We really wish our trip didn't have to be one of them, but we need to keep everyone safe. We miss our students and hope that we can get back to some normalcy one day soon!
