MR. HOC HUYNH | 5TH GRADE | SEPTEMBER 09, 2021

Week 5

I hope everyone is excited about our field trip this week because I know I am!

If you have any questions please contact me by either email hhuynh@amphi.com or office number 696-4085

News

Tomorrow is our first visit to Starbase! Please make sure your student arrives on time. They do not need to bring their backpacks. Students can bring their lunch or water bottle if they would like. Lunch will be provided. **Please also have your students wear either the green Keeling shirt or any green or white shirt.** This will help us and the staff at Starbase keep track of our students.

Our class

Lots of writing this week. We are completing our first written project about inventors and the challenges they faced.

We are also finishing up our first unit in math about volume. Our students are moving forward with this year at a great pace!

[Life is full of changes]. "You're not wrong about that!" - Alex
