# AMPHITHEATER PUBLIC SCHOOL DISTRICT ELIGIBILITY RULES FOR INTERSCHOLASTIC PARTICIPATION

The following are some of the more important eligibility rules that are set forth by the Amphitheater Public School District and the Arizona Interscholastic Association (AIA) for its member schools. Failure to comply with these rules can cause an athlete to be declared ineligible and all contests in which the athlete participated in to be forfeited.

## GENERAL ELIGIBILITY

**Domicile rule – The parent/guardian domicile is defined as the place where a person has his/her true, fixed, and permanent home and to which, whenever absent, he or she has the intention of returning. A student shall have only one domicile for the purpose of athletic eligibility.**

1. All students who wish to participate in athletics must have a parent or court appointed legal guardian domiciled in the **AMPHITHEATER PUBLIC SCHOOL DISTRICT** attendance zone.
2. A student who has a court appointed legal guardian must have the guardianship approved by the Arizona Interscholastic Association (AIA) prior to participation (see the Athletic Director).
3. Any exception to the domicile requirement must be approved by the Athletic Office and the AIA prior to participation. Please make an appointment to discuss your individual situation.
4. A student is privileged with eligibility for four consecutive seasons in each sport or activity and for eight consecutive semesters after he/she enrolls in the 9th grade (including 9th grade year).
5. A student who is a member of a high school team shall not compete in any other organization in the same sport during the interscholastic season of competition.
6. If a student becomes 19 years of age after September 1st, he/she is eligible to compete for the remainder of that school year, if all other qualifications are met.
7. Each student-athlete must pay a \$76.00 athletic participation fee for each sport/activity in which he/she competes. This fee is non-refundable after the first contest.
8. Before a participant can **TRYOUT OR PRACTICE**, he/she must have the following on file:

3. Nine-week grades – Students who receive a nine-week grade of "I", "F", "NC", "NM", "U", or a Grade Point Average of less than a 2.0, will be ineligible for at least four and one-half weeks. A student's eligibility may not be reinstated prior to the Tuesday of the fifth week. **Please review the schedule of eligibility reinstatement dates with your administrator.**
4. Students may use summer school to regain eligibility for fall participation if they meet the established criteria. **You MUST see your administrator in charge of interscholastic participation prior to enrolling in summer school for eligibility requirements.**
5. "The Amphitheater Public School District therefore maintains a zero tolerance, "24/7" policy, on the use of tobacco, drugs, or alcohol by interscholastic participants. Any interscholastic participant who uses, possesses, or transfers alcohol, drugs, or tobacco, **at any time** during their active season of competition will be immediately removed from the activity for the balance of the season. **This rule applies 24 hours a day, seven days a week, regardless of a student's location.**"
6. All participants must have passed ALL previous semester's classes. Students may tryout and practice in an activity but may not compete until academic eligibility is restored. Refer to rule 5, above.
7. Students **MUST** attend all classes on the day of practice or competition. **Exceptions** must be cleared through the Athletic/Activities Office prior to the absence. Violation of this rule will result in a period of ineligibility of no less than one competition.

## MEDICAL ELIGIBILITY

1. The Amphitheater Public School District does not provide medical insurance coverage for students who are involved in interscholastic sports. The parent(s)/guardian(s) are responsible for all medical costs due to any injury that may occur during normal practice or actual competition.

These free online education courses can be accessed through the AIA Academy or by using this link <https://academy.azpreps365.com/>. We encourage not only students but also their parents/guardians to complete this course. Once on the site, parent/guardians may use the Non-Student Course link. Upon completion of the courses, students need to print the completion certificates and include them in their clearance paperwork. ***The courses only need to be completed once by the student-athlete.***
4. All student-athletes must return the COVID-19 Waiver, Release, and Assumption of Risk Form prior to participation in practice or competition.

## GENERAL REQUIREMENTS

1. Students involved in athletics will be issued school equipment. All equipment is numbered and students **MUST RETURN THE EXACT EQUIPMENT THEY WERE ISSUED TO AVOID HAVING TO PAY FOR ITS REPLACEMENT. EQUIPMENT/UNIFORM LAUNDRY DIRECTIONS SHOULD BE CAREFULLY FOLLOWED.** Damage from improper laundering of equipment is the responsibility of the student. If the equipment is not returned within 10 school days following the end of the sport season (whether lost or stolen), you will be automatically charged full replacement value for the equipment. **The Amphitheater Public School District is not responsible for any items or valuables in locker rooms/lockers.**
2. Athletic equipment is not to be worn for personal use. If an athlete is wearing school issued equipment for non- game activities, the equipment will be confiscated.
3. Athletes who are ejected from any contest are ineligible for the remainder of the contest and the next scheduled contest. Students ejected for a second time are ineligible for the next two contests. A third ejection will result in the student becoming ineligible for the remainder of the sport season. Athletes who are involved in altercations or disruptions of any kind before or after the contest may be subject to a two-game contest suspension.
4. Athletes who quit an athletic team during the sport season may not tryout for another sport in the same season, and may not tryout for another sport until after the season of competition is over for the sport he/she quits. Exception is a written waiver from the Head Coach from the sport from which he/she quit.
5. All students will travel to events on District transportation and will abide by all District bus rules and regulations. However, situations do arise where parents/guardians find it necessary to transport student-athletes to their homes after an "OFF SITE" practice or contest. The [Transportation Consent Form](#) must be completed prior to the event with the Coach's approval.
6. Participation in off-season fundraising does not guarantee a spot on the roster or playing time. Participation in off-season camps does not guarantee a spot on the roster or playing time. There will be no individual refunds on any funds raised. All funds go into the team account.
7. The coaching staff in each sport establishes letter awards criteria.

## AMPHITHEATER PUBLIC SCHOOL DISTRICT INTERSCHOLASTIC SPORTSMANSHIP/COMMUNICATION

Over the years, the Amphitheater Public School District has developed one of the state's richest interscholastic traditions. Our interscholastic participants are known for their determination, hard work, and competitiveness. Many of our teams have been recognized at the local, state, and national level for their outstanding achievements.

Interscholastic activities play an integral part in a students' overall educational experience. The Amphitheater Public School District takes great pride in producing a quality educational experience and a "Tradition of Interscholastic Excellence."

The National Federation of State High School Associations (NFHS), the Arizona Interscholastic Association (AIA), and the Amphitheater Public School District believe that co-curricular activities promote citizenship and sportsmanship. They instill a sense of pride in community, teach lifelong lessons of teamwork and self-discipline, and facilitate the physical and emotional development of our student-athletes.

As an educational institution, our school is committed to teaching our young people to set goals, strive for excellence, and to properly handle whatever adversity they encounter along the way. This aim is the same both in the classroom and on the playing field.

The greatest challenge to good sportsmanship is adversity. When things are not going well, it is easy to blame others rather than ourselves. When this is done, the focus shifts from a positive, "play hard" attitude, to a negative, "woe is me!" We believe it is important for our students to maintain a positive approach to handling adversity. We need the support of our parents as role models if we are to accomplish this.

### Parent/Coach Relationship:

We are pleased that you and your student have chosen to be involved in the interscholastic program at your school. Our goal is to provide a positive experience for all involved. Open communication is the most important factor contributing to this goal. By developing these communication lines, we will be able to resolve questions before they become conflicts.

As a parent/guardian, you have a right to know what expectations are placed on your student. The following is designed to spell out all levels of communication so that parents, coaches, and athletes are aware of the steps they have available to resolve anything they think is, or might become, an issue:

### Communication you should expect from your student's coach:

1. Philosophy of the coach.
2. Coaches' expectations for your student, as well as the players on the team.
3. Team requirements (e.g. fees, special equipment, and off-season conditioning).
4. Location and times of all practices and contests.
5. Discipline that results in the denial of your student's participation.

### Communication coaches expect from parents/guardians:

1. Concerns expressed directly to the coach.
2. Notification of any schedule conflict well in advance.
3. Specific concerns regarding a coach's philosophy and/or expectations.

The interscholastic activity experience may offer some of the most rewarding moments of a student's life. However, it is important to remember that there may be times when things will not go the way that you or your student wishes.

### Appropriate concerns to discuss with coaches:

1. The treatment of your student, mentally and physically.
2. Ways to help your student improve.
3. Concerns about your student's behavior.

It is difficult to accept that your student may not play as much as you would hope. Coaches are professionals. They make judgment decisions based on what they believe to be the best for all students involved. As you have seen from the list above, certain issues can and should be discussed with your student's coach.

### Issues NOT appropriate to discuss with coaches:

1. Playing time.
2. Team strategy.
3. Play calling.
4. Other student-athletes.

There are situations that may require a conference between coaches and a parent/guardian. It is important that both parties involved have a clear understanding of the other's position. When these conferences are necessary, the following procedures should be followed to help promote a resolution to the issue of concern.

### If you have a concern to discuss with a coach, follow this procedure:

1. Call the coach to set up an appointment.
2. If the coach cannot be reached, call the school office.
3. Please do not attempt to confront a coach before or after a contest or practice. These can be emotional times for both the parent/guardian and the coach. Meetings of this nature usually do not promote resolution.

### What a parent/guardian can do if the meeting with the coach did not provide a satisfactory resolution:

1. Call and set up an appointment with the Athletic Director to discuss the situation.
2. At this meeting, the appropriate next step can be determined.

Research indicates that a student involved in co-curricular activities has a greater chance of success during adulthood. Many of the character traits required to be a successful participant are exactly those that will promote a successful life after high school. We hope the information provided will make both your student's and your experience, with the Amphitheater Interscholastic Program, less stressful and more enjoyable.

Feeling nervous, anxious, or on edge	0	1	2	3
Not being able to stop or control worrying	0	1	2	3
Little interest or pleasure in doing things	0	1	2	3

**Arizona Interscholastic Association, Inc.**  
**Mild Traumatic Brain Injury (MTBI) / Concussion**  
**Annual Statement and Acknowledgement Form**

I, \_\_\_\_\_ (student), acknowledge that I have to be an active participant in my own health and have the direct responsibility for reporting all of my injuries and illnesses to the school staff (e.g., coaches, team physicians, athletic training staff). I further recognize that my physical condition is dependent upon providing an accurate medical history and a full disclosure of any symptoms, complaints, prior injuries and/or disabilities experienced before, during or after athletic activities.

**By signing below, I acknowledge:**

- My institution has provided me with specific educational materials including the CDC Concussion fact sheet (<http://www.cdc.gov/concussion/HeadsUp/youth.html>) on what a concussion is and has given me an opportunity to ask questions.
- I have fully disclosed to the staff any prior medical conditions and will also disclose any future conditions.
- There is a possibility that participation in my sport may result in a head injury and/or concussion. In rare cases, these concussions can cause permanent brain damage, and even death.
- A concussion is a brain injury, which I am responsible for reporting to the team physician or athletic trainer.
- A concussion can affect my ability to perform everyday activities, and affect my reaction time, balance, sleep, and classroom performance.
- Some of the symptoms of concussion may be noticed right away while other symptoms can show up hours or days after the injury.
- If I suspect a teammate has a concussion, I am responsible for reporting the injury to the school staff.
- I will not return to play in a game or practice if I have received a blow to the head or body that results in concussion related symptoms.
- I will not return to play in a game or practice until my symptoms have resolved AND I have written clearance to do so by a qualified health care professional.
- Following concussion the brain needs time to heal and you are much more likely to have a repeat concussion or further damage if you return to play before your symptoms resolve.

Based on the incidence of concussion as published by the CDC the following sports have been identified as high risk for concussion; baseball, basketball, diving, football, pole vaulting, soccer, softball, spiritline and wrestling.

I represent and certify that I and my parent/guardian have read the entirety of this document and fully understand the contents, consequences and implications of signing this document and that I agree to be bound by this document.

## 2023-24 CONSENT TO TREAT FORM

Parental consent for minor athletes is generally required for sports medicine services, defined as services including, but not limited to, evaluation, diagnosis, first aid and emergency care, stabilization, treatment, rehabilitation and referral of injuries and illnesses, along with decisions on return to play after injury or illness. Occasionally, those minor athletes require sports medicine services before, during and after their participation in sport-related activities, and under circumstances in which a parent or legal guardian is not immediately available to provide consent pertaining to the specific condition affecting the athlete. In such instances it may be imperative to the health and safety of those athletes that sports medicine services necessary to prevent harm be provided immediately, and not be withheld or delayed because of problems obtaining consent of a parent/guardian.

Accordingly, as a member of the Arizona Interscholastic Association (AIA), \_\_\_\_\_ (name of school or district) requires as a pre-condition of participation in interscholastic activities, that a parent/guardian provide written consent to the rendering of necessary sports medicine services to their minor athlete by a qualified medical provider (QMP) employed or otherwise designated by the school/district/AIA, to the extent the QMP deems necessary to prevent harm to the student-athlete. It is understood that a QMP may be an athletic trainer, physician, physician assistant or nurse practitioner licensed by the state of Arizona (or the state in which the student-athlete is located at the time the injury/illness occurs), and who is acting in accordance with the scope of practice under their designated state license and any other requirement imposed by Arizona law. In emergency situations, the QMP may also be a certified paramedic or emergency medical technician, but only for the purpose of providing emergency care and transport as designate

### PLEASE PRINT LEGIBLY OR TYPE

"I, \_\_\_\_\_, the undersigned, am the parent/legal guardian of, \_\_\_\_\_, a minor and student-athlete at \_\_\_\_\_ (name of school or district) who intends to participate in interscholastic sports and/or activities.

I understand that the school/district/AIA employs or designates QMP's (as defined above) to provide sports medicine services (as also defined above) to the school's interscholastic athletes before, during or after sport-related activities, and that on certain occasions there are sport-related activities conducted away from the school/district facilities during which other QMP's are responsible for providing such sports medicine services. I hereby give consent to any such QMP to provide any such sports medicine services to the above-named minor. The QMP may make decisions on return to play in accordance with the defined scope of practice under the designated state license, except as otherwise limited by Arizona law. I also understand that documentation pertaining to any sports medicine services provided to the above-named minor, may be maintained by the QMP. I hereby authorize the QMP who provides such services to the above-named minor to disclose such information about the athlete's injury/illness, assessment, condition, treatment, rehabilitation and return to play status to those who, in the professional judgment of the QMP, are required to have such information in order to assure optimum treatment for and recovery from the injury/illness, and to protect the health and safety of the minor. I understand such disclosures may be made to above-named minor's coaches, athletic director, school nurse, any classroom teacher required to provide academic accommodation to assure the student-athlete's recovery and safe return to activity, and any treating QMP.

If the parent believes that the minor is in need of further treatment or rehabilitation services for the injury/illness, the minor may be treated by the physician or provider of his/her choice. I understand, however, that all decisions regarding same day return to activity following injury/illness shall be made by the QMP employed/designated by the school/district/AIA.
