

HALLOWEEN GUIDELINES

With Halloween right around the corner, we wanted to provide some guidance regarding Halloween Costumes for students here at Cross.

- Costumes are permitted as long as they are school-appropriate. Please avoid excessive blood and gore.
- **No pretend weapons of any kind.**
- Fully covered faces, or faces covered with paint are not permitted
- If your child is unsure about their costume have them ask a staff member for guidance.
- Remember your child has to spend the whole day in their costume. Make sure they can sit in class to learn, use the restroom, and be able to go from class to class.
- **Costumes must not interfere with safe mask wearing and social distancing.**

We want our students to have an enjoyable Halloween experience at school, but also find it necessary to continue to maintain an orderly environment. Please have a conversation with your child about maintaining appropriate behavior throughout the school day.
