Urgent Memorandum

To: All Amphitheater District Personnel
From: Todd A. Jaeger, J.D., Superintendent
Re: Free COVID-19 Saliva-Based Testing Pilot for Amphitheater Employees
Date: December 17, 2020

After several weeks of discussion and planning, I am very pleased to announce that our District is one of a limited number of school districts in the state selected to partner with Arizona Department of Health Services, Arizona State University, and the Pima County Health Department in the *School Supports Pilot*, a new COVID-19 testing opportunity for school district staff. Testing through this pilot is conducted locally and through saliva sampling; it is **free, fast and easy** and can help provide both personal assurance and important community data. I have personally participated in this testing, and I urge you to do the same.

As part of this pilot, staff of our District will receive priority to access ASU's saliva-based COVID-19 test (PCR test) at the Ellie Towne Community Center, 1670 W. Ruthrauff Road, on Saturdays beginning this weekend on 12/19. Next month, another centrally-located site will open, and we will let you know when we have more information about that.

How to participate and get tested:

1. If you have obtained a saliva test in the past at one of ASU's public testing sites, your account will need to be transferred to the AMPHI1 agency. Please [fill out this electronic google doc form](#) before scheduling a test. Taking this step will avoid issues and delays on the day of your test. NOTE: If you have an account with ASU but forgot your password, please indicate this in the notes section of the form and they will reset your password for you.
2. Visit [ASU Saliva Test Site](#) to create an account and schedule your appointment. Your agency code is: AMPHI1.
3. Once you schedule your appointment, you will receive detailed instructions for how to get tested along with a QR code (please bring a print-out of the QR code or be prepared to pull it up on your smartphone).
4. On the day and time of your appointment, go to 1670 W. Ruthrauff Road, Tucson, AZ 85705 to be tested.
5. Within 24-48 hours of your testing, you will receive a text message indicating that your results are ready to view.
6. We encourage you to communicate positive and negative results with the District.

[Click here](#) to learn more about ASU's saliva-based test and other COVID-19 tests.

I am grateful that Amphi staff will have this opportunity, and I hope it will be of benefit to many of you.
