

SEAL OF EXCELLENCE IN SCIENCE

1. Students must have taken four courses of science in high school, one of which must have been an IB, pre-AP or advanced placement course.
2. Students must have earned a minimum of seven A's for the eight semesters.
3. Students who are graduating early or who have more than one IB, pre-AP or advanced placement course may petition the science department head if they do not meet requirements 1 or 2.

If a student wishes to obtain a Seal of Excellence in Science they must submit a list of science courses taken along with the grades for each semester, to their current science teacher or to the department chair, by April 4, 2014. For this last semester, write your 3rd quarter grade
