

School capacity is updated every 12 weeks for the current school year, per A.R.S. 15-816.01. Due to daily fluctuations in district and school enrollment, actual capacity on any given day may differ from what is listed below. "Limited" indicates there are openings dependent on grade level. A series of // indicate that program is not offered at that school. Please contact the school site for more information. **Enrollment for students who receive special education services is determined based on the staffing ratios and capacity to provide services and support in the student's IEP.**
