

### U.S Territorial Growth Map Activity

Based upon the Place and Time/North America 1800 to 1853 map and Lesson 1 & 2 maps found in Ch 13, complete the territorial map. No one map will give you everything you need so be sure to use all three maps, particularly with the Disputed Area and the Republic of Texas. Color in each section (listed below) lightly with a different colored pencil & then label the key (in pen) with the correct name and its year(s) in correct chronological order (oldest to newest/use the years 1607-1732 for 13 Colonies, 1836-1845 for the Republic of Texas, & 1819 for Florida...Disputed between the U.S. & Mexico has no year).
