

IMAGINE

Preschool

at Painted Sky

Our program offers a nurturing and caring environment that inspires natural curiosity and fosters physical, intellectual, language, emotional and social development. Children learn to express themselves in many ways through “play”: to think critically, solve problems creatively, and to interact positively with others. We believe children in preschool should have a wide variety of developmentally appropriate activities. The program balance between teacher-structured and student-choice activities is comfortable and realistic for the young child.

Contact us for registration information for the 2023-2024 school year.
