We invite all CDO students to get involved in extracurricular activities! Whether the activity is part of a sports program, a club, a special interest program, or student government it is an opportunity to make friends, learn important social skills, develop leadership and time management skills, and take part in fun events. Research indicates that students who participate in extracurricular activities are more likely to develop important life skills and achieve more success in their academic work. New clubs may have formed after the printing of this brochure. Contact Ms. Magelli in the Admin building for any updated information.
