Fit Scores

Fit scores predict how compatible you are to each career path. The more you interact with the platform, the more accurate your fit scores become. Percentages are based on *Personality Assessment* results, test drive compatibility ratings, and course completion records.

Test Drives

Test drive career paths with expert video interviews and career simulation activities.

Agriculture

Studying agriculture focuses on the general principles and practice of agricultural research and production, and prepares individuals to apply this knowledge to the solution of practical...

Fit Score: 95%
