

Special Clinics and Care Teams

Multidisciplinary Clinics

Multidisciplinary Clinics coordinate most of the special and ancillary services your child may need in one visit. This is not only convenient for our families, but also allows all professionals to consult and develop an optimal plan of care. This coordination cannot be found anywhere else in Tucson.

The Multidisciplinary Clinics providing this team approach are:

Cerebral Palsy | Cleft Care Team | Cochlear Implant | Down Syndrome – Child | Down Syndrome – Teen | Neurocutaneous Clinic | Neuromuscular Clinic | Oral Maxillary Team | Osteogenesis Imperfecta | Palliative Care | Spina Bifida – Child | Spina Bifida – Teen | Sickle Cell Clinic

**Children's
Clinics**
