

COVID-19 FACTS & INFORMATION

COVID-19 (Coronavirus Disease 2019) is the illness caused by the novel coronavirus SARS-CoV-2. COVID-19 can cause a range of symptoms ranging from mild to severe illness requiring ICU admission and mechanical ventilation to death.

Who are we?

The CoVHORT study is collaborative effort between public health and medical researchers to try and learn how COVID-19 affects the residents of Arizona. Our research team consists of researchers from colleges across The University of Arizona Health Sciences Campus including the Mel and Enid Zuckerman College of Public Health, the College of Family Medicine, the College of Medicine – Tucson, the College of Medicine – Phoenix as well as the School of Human Evolution and Social Change at Arizona State University.
