Connecting Feeding Challenges to Mealttime Solutions

About Mealttime Connections

Mealttime Connections brings together a group of professionals who have a passion for working with infants and young children and who have an understanding of complicated feeding concerns. Our philosophy is based on the belief that feeding is a relationship that is based on trust. We want every child to enjoy eating, have confidence in his or her eating skills and to eat enough to thrive. Mealttime Connections provides the highest level of feeding evaluation, family support and feeding therapy for every child and family we meet.

We provide a variety of support services that are tailored to meet the individualized needs of each child and family. Our therapists can identify strengths, specific challenges, work with the child's medical team, and partner with the family to create a successful treatment plan and home program.

We offer the following specialized services:

- [Pediatric Occupational Therapy](#)
- [Pediatric Speech Therapy](#)
- [Pediatric Physical Therapy](#)
- [Pediatric Nutrition Services](#)

In addition, Mealttime Connections provides regular training opportunities and many have advanced training in a variety approaches which include:

- The Get Permission Approach
- The SOS Approach to Feeding
- Food Chaining
- Kinesiotaping
- Sensory Integration
- Neuro-Developmental Treatment
- Frazier Water Protocol
- Perception Action Movement Theory (TAMO)
- Cervical Auscultation
