

Bond Projects Update • September

Current Project Updates...

- Planning and design phases for the classroom additions at **Ironwood Ridge High School** and **Coronado K-8 School** have started. Swaim and Associates, the architect for these projects, has met with the Bond Department and staff at these sites to develop working drawings.
- At **CDO High School** restroom updates are well underway. The MPR restrooms are dry walled and the Fine Arts building's restrooms are being expanded.
- The resurfacing project has begun on the **El Hogar/Land Lab** project. The existing asphalt has been pulverized and will be recycled and used as a base material for the resurfacing of the parking lot. Surveying is complete and trenching of the new storm drain is well underway.
- The **Transportation** Department has ordered the second phase of new busses under the bond. Twenty (20) full size busses and 4 smaller special needs busses are scheduled to be delivered in October.
- Construction is 88% complete at **La Cima Middle School**. The new mechanical systems are running smoothly and the project is currently ahead of schedule and on budget. The Certificate of Occupancy for the administration building, library, and 4 new classrooms is expected soon.
- Demolition of the bleachers in the **Amphi High School** east gym has taken place and repair work on the floor has begun.
- The **Facilities Support Services Center** replacement project is also in the design and planning stages. Swaim and Associates has been named as the architect for this project and has met with the Bond Department.

\$19,322,681

of bond funds have been committed, on projects to date.

Recently Completed Projects...

- Construction is complete at **Prince Elementary School**. Both the administration building and the classroom building are in use. The project was completed three months ahead of schedule and around \$300,000 (6%) under the contracted budget.
- The covered walkway replacement project at **CDO High School** is complete.
- At **Coronado K-8 School**, the health office remodeling project has been completed and is in use.
- The exterior staircase project for the two-story building at **Walker Elementary** has been completed.
- The construction of the new computer lab and server room at **Amphi High School** is complete.
- The security fence replacement at **Mesa Verde Elementary School** is complete.
