

Bond Projects Update • December

Current Project Updates...

- The paving, fencing, and storm sewer work is complete at the **Land Lab/El Hogar**. A few “punch list items” are being corrected throughout the campus and the front gate will be installed shortly after its manufacturing is complete.
- The Fine Arts restroom remodeling project continues at **CDO High School**. Major plumbing, electrical, HVAC, and roofing installation has been completed and the drywall work is nearly finished. The tile work and fixtures are currently being installed.
- Planning for a new **Facilities Support Services** site at Wetmore Center is continuing. Schematic drawings are being prepared and a Construction Management at Risk General Contractor has been recommended to the Amphitheater Governing Board for approval.
- Planning is ongoing by Swaim and Associates, the architects chosen for the classroom addition at **Ironwood Ridge High School**. CORE Construction, the project’s contractor, developing cost estimates for the project.
- Emc2 Architecture has been approved as the architect of record for the **Rillito Center** classroom addition. They have met with the Rillito staff to start design planning. A Construction Management at Risk General Contractor has been recommended to the Amphitheater Governing Board for approval.
- The remodel and addition project at **Coronado K-8** continues. Schematic drawings have been completed and design development drawings are now being prepared by Swaim and Associates so that pricing and budget development can be completed.
- The new library, classroom, and administration buildings are complete and occupied at **La Cima Middle School**. The final part of the project, renovating the old library into four new classrooms, is on budget and on schedule.

(Above) An aerial view of the new wing of La Cima Middle School. The renovation at La Cima converted the existing library into four classrooms, replaced portable classrooms and offices with permanent instructional/administrative space, and built a new library. Photo provided by CORE Construction, General Contractor for the project.

Recently Completed Projects...

- The floor and bleacher replacement project at **Amphi High School** is complete and the gym is now in use.
- The **Transportation Department** has received the second round of new busses. In October, 20 full-size busses and four special-needs busses were delivered to Amphi and are now in use.
- The restroom renovation project in the MPR of **CDO High School** is complete and the restrooms are in use.
- Construction is complete at **Prince Elementary School**. Both the administration building and the classroom building are in use. The project was completed three months ahead of schedule and approximately \$300,000 (6%) under the contracted budget.
- The covered walkway replacement project at **CDO High School** is complete.
- At **Coronado K-8 School**, the health office remodeling project has been completed and the office is in use.
- The construction of the new computer lab and server room at **Amphi High School** is complete and the room is in use.
